## II. WRITING (20 pts)

### Topic 1: Do you like watching TV? Give your reasons. (80 words)

Yes, I like watching TV. Because I think that there are lots of good program on TV. For example documentaries on animals or on strange phenomenon are always interesting. My father focuses on news, political affairs and, sometimes, on old movies. In the other side, my mother never skips her favorite Indian and Turkish series. Nevertheless, she also has time for cooking channels which help her prepares delicious meal. My little brother spends nice time with baby channels where there are many funny songs and characters, cool cartoon movies and also a variety of pre-educational programs.

No, I don't like watching TV. In my opinion, I think it is a waste of time. Instead of spending time in front of a screen, I prefer reading a novel or magazine, doing some revisions, drawing or even learning a new skill (like how to play a guitar). Some of my family's members watch television and some don't have time. For instance, my father is working from 5 am in the morning until 8 pm at night. So once he comes home he sleeps directly. My mother has to look after her two little twins so she barely stays in front of TV. My elder sister is an engineer. She works on many projects and she likes watching documentaries on high building or house design etc.

Give Topic 2: There is one television in your house. You want another one for yourself to watch your favorite channels/ programs. Make a dialogue in which you try to convince your father to buy for you a new television. Give as many arguments as possible. (80 words)

**Me:** Hi dad! How are you doing today?

**Dad:** Hi son/daughter. I'm good. What about you?

**Me:** I'm fine dad but I have a request please. Can I ask you something?

**Dad:** Go on!

**Me:** I want a television for myself.

**Dad:** Why? We already have one in the living room.

**Me:** Yes dad but I can't watch my favorite programs. You always want to follow the news and what happens around the world. Mum spends time watching her series. I don't feel free to watch my programs whenever I want.

**Dad:** We can make solve this issue and make a schedule on everyone's time to watch television. This way no one would be upset.

**Me:** No dad. It is difficult because not every time the programs are brought at the same moment. Sometimes they change the show time. It will lead to a big embarrassment among us.

**Dad:** Ok. You convinced me. I will buy it as soon as possible
